

## WARWICK ESTATE STELLENBOSCH

The winery became known through Norma Ratcliffe and the wine label «Lady».. Norma was one of the first female winemakers in South Africa and is considered a pioneer. The Woman power on this wine estate has been led since 2018 by Christiane von Arnim, another powerful woman undiminished and even with even more verve, determination, finesse and grand visions.

From 1771 to 1902, Warwick was part of the farm «De Goede Sukses» (good success). After the end of the Second Boer War, Colonel William Alexander Gordon, commanding officer of the Warwickshire Regiment, acquired the historic farm and named it Warwick as a tribute to his regiment. In 1964, Stan & Norma Ratcliffe took over the wine farm. This was the beginning of the road to success for Warwick.

In 2017, the Ratcliffe family sold the former family farm to Charles Marston and Kishore Bopardikar of California-based Eileses Capital, who also acquired the neighbouring Uitkyk wine farm from Distell. This acquisition expanded the Warwick presence to over 700ha of prime terroir. Thus, the signs are pointing to expansion, to becoming a big player at the highest level.

**WARWICK GOES BIG**  
Warwick offers various wines of 1.5/5/12 litres, which you can find in the online store.

57.00 from 6 Bottles

**The winemaker**  
JD (Johannes Diederick)

JD may be a meticulous winemaker, but that doesn't mean he can't rock out because the wine cellar is constantly playing alt-rock playlists are constantly being played.

In 2007, JD completed his Bachelor of Science in Viticulture and Enology at the University of Stellenbosch before working at Beyerskloof Wines and Graham Beck. He worked at Beyerskloof Wines and Graham Beck. He also spent a vintage in Sonoma, California. Upon his return, JD worked under John Loubser at Steenberg before joining Warwick in 2019.

## PROFESSOR BLACK SAUVIGNON BLANC 2021

**91**  
T. Atkin

**17**  
Blick

This Sauvignon Blanc was awarded Tim Atkin with 91 points and is one of the best price-pleasure Sauvignon Blancs from all over South Africa!

The Professor Black Sauvignon Blanc captivates the nose with an impressive bouquet: elderflower, grassy nettle, ripe passion fruit and fresh lime. The wine has a nice richness with notes of passion fruit, citrus, and fine acidity balances the wine beautifully.

It offers an excellent drinking experience for aperitifs or as a food companion!

Warwick has been part of our KapWeine range for several years and offers top wines with exceptional quality throughout. The sustained success and the steadily increasing quality of Warwick wines have led us to the outstanding «Warwick Professor Black Sauvignon Blanc 2021».

As «White Wine of the Year 2022». With the support of the Warwick management in South Africa, you can now get this wine at a particularly attractive price all year round!

# RATINGS

Who does not know the White Lady Chardonnay (94 Tim Atkin - 5\* Platter's), which was named «White Wine of 2020» as «White Wine of the Year» - since then, there has been no hold more!

This excellent Chardonnay has since been one of our white wine bestsellers, with over 6000 bottles sold yearly. The red Three Cape Ladies was also already successful in 2019 as «Red Wine of the Year» and has since secured a large fan base. In addition to the First Lady line with already good entry-level wines (Chardonnay at 16.5 and Cabernet Sauvignon at 15.5 Jancis Robinson) at even better entry-level prices, our focus at Warwick is on the top red wines. The Cabernet Franc (93 Tim Atkin - 92 Robert Parker - 5\* Platter's) has long shone as one of the country's best. The Blue Lady Cabernet Sauvignon (93 Tim Atkin - 5\* Platters) shows the high pedigree of the Muldervlei terroir with its power structure and depth. No wonder! The vineyards of Warwick and Uitkyk are right next to those of Kanonkop. The flagship Cuvée Trilogy (97 Decanter - 95 Tim Atkin - 4.5\* Platters) rounds out the top-end offering with a high-class Cape Bordeaux blend.

# PROFESSOR BLACK PITCH BLACK 2017

Der Warwick Professor Black Pitch Black 2017 wurde von Tim Atkin mit 92 Punkten ausgezeichnet und bereitet jetzt schon viel Spass.

Warwick hat einen umfangreichen Fokus auf die Anpflanzung von Bordeaux Rebsorten, wobei Cabernet Sauvignon und vermehrt Cabernet Franc eine Schlüsselrolle zu Teil wird. Man legt Wert auf einen umweltfreundlichen Ansatz für die Erzeugung von Trauben höchster Qualität, wobei auf den Einsatz von Herbiziden und Insektiziden verzichtet wird, (was sich an der boomenden Regenwurmpopulation erkennen lässt). Der Warwick Professor Black Pitch Black 2017 besteht aus einem klassischen Cuvée wie Cabernet Sauvignon, Cabernet Franc, Cinsault, Merlot, Petit Verdot und Malbec. Die dunklen Beeren, Waldbeeren und Kräuter füllen das Glas und bieten dem Gaumen Struktur und feine Tannine. Der Cinsault legt eine Schicht sauberer, heller, saftiger Beerenfrüchte über die ansonsten recht gewichtige Angelegenheit. Der Wein präsentiert sich jetzt schon trinkreif und wird sich über die nächsten 10 Jahre weiterentwickeln. Die meisten Rotweine aus Südafrika entwickeln die letzten 20% des Potentials erst nach 5 bis 10 Jahren Lagerung. Um den Beweis anzutreten bieten wir den Warwick Trilogy 2008 zum Vergleich an. Bestellen Sie gleich das gereifte Trilogy 6er Set zu CHF 229.00 statt CHF 324.00 mit den Jahrgängen 2008/2011/2012/2013/2014/2015 und überzeugen Sie sich selbst vom grossartigen Entwicklungspotential der Warwick Weine!
