

## SPIER - STELLENBOSCH - 1692

Everything at Spier is subject to the principle of sustainability! No wonder the farm has been recognized by a number of external organizations for its commitment to sustainability, ethical practices and social responsibility. Spier is a family farm that continues a long tradition. The farm was started back in 1993 by Dick van Enthoven. In 2004, his daughter Mariota Enthoven and her husband Angus took over the management of the farm.

Spier is located near Stellenbosch and is one of the oldest wine farms in South Africa, with a documented history of winemaking dating back to 1692. In addition to the 80 hotel rooms with spa facilities and confectionery rooms, Spier also offers an amphitheatre and a full range of leisure activities, including wine, food and art, at the highest level. There is an art gallery, the Crafts Market, a bakery, a café, several restaurants and a pick-nick offer with hiking trails through the vineyards, gardens and the bird park.

The ethical supply chain complies with leading certifications such as the Wine Industry Ethical Trade Association (WIETA) and amfori BSCI. Enviro-Wines® accreditation confirms environmentally friendly production methods, and this includes two important organizations - the International Organization of Vine and Wine (OIV) and the International Federation of Wine and Spirits (FIVS) - as well as the South African Integrated Production of Wine (IPW) seal. Compliance requires environmental responsibility at every production stage - from vineyard to bottle to reduce the CO2 balance as much as possible.

Free-range farm animals and chickens are raised in pastures without antibiotics or hormones. At the same time, fruit, vegetables and grapes are grown on the farm organically and vegan, i.e. without artificial fertilizers or pesticides. This pleases the restaurant visitor. Extensive areas of foreign vegetation have been removed, and more than one million native plants have been replanted. 100% black and grey water and more than 98% solid waste are recycled.

### SPIER TO GO

Spier now also offers wines in bottle quality to take with you on the go. With the cans in sets, Spier now also offers wines in bottle quality to take with you on the go.

## SPIER CREATIVE BLOCK 5 - 2018

Tim Atkin and the best wine awarded this Cape Bordeaux blend 93 points out of 1'300 wines at the most prominent local wine competition, «Veritas». It has become increasingly popular with our customers and is now our top seller.

The Spier Creative Block 5 is a symbiosis of the five Bordeaux grape varieties. It captivates with its ruby red colour. The nose has an impressive bouquet of blackberries, currants and a gentle cedar note paired with dark chocolate. The wine is spicy, lively on the palate and offers great balance with its dense body and ripe, delicate tannins leading into a long finish. The wine offers a nice drinking experience and is an excellent accompaniment to food!

For some years now, Spier has been part of our KapWeine range and offers excellent wines with an excellent price-performance ratio. The sustained success, such as being named Winery of the Year 2022 (John Platter's Wine Guide), as well as the steadily increasing quality of Spier wines, has led us to choose the «Spier Creative Block 5 - 2018» as «Red Wine of the Year 2022». With the active support of the Spier management in South Africa, you can now obtain this wine at a particularly attractive price all year round!

# AWARDS

A record-breaking awards season is coming to a close for Spier. We are pleased to announce that Spier wines have received five prestigious 5-star, eight 4.5-star and nine 4-star ratings from Platter's South African Wine Guide 2022.

To top off these impressive results, Spier was also named Winery of the Year by Platter's in recognition of the performance and success of the entire team. The 5-star Frans K. Smit CWG Auction Selection 2018 was also honoured with the Cape Bordeaux Red Blend of the Year Award for Best Wine of the Year.

# SPIER CREATIVE BLOCK 3 - 2018

Spier has been producing a range of excellent wines for every budget for many years. The Creative Block wines show impressively that highly complex cuvées can produce very harmonious, elegant and powerful wines.

Spier Creative Block 3 2018 is a blend of three grape varieties Shiraz, Mourvèdre and Viognier. Deep red with a youthful ruby rim and aromatic layers with subtle perfumed notes of violets, pomegranate, mulberries and spicy black pepper and coriander aromas. The wine offers density on the palate with complexity and silky tannins. The wine is complex and presents itself ready to drink now.

The 21 Gables line uses the best sites for this top-end range and produces highly complex, single-varietal wines. The Signature Range indulges in the entry-level range with appealing wines for everyday consumption. The Frans K. Smith is the «Flagship» blend, which is bottled only in small quantities and is one of the best wines in South Africa.

Spier is a prime example of ethical farming. The health of the soil, the people, and the care in the production have top priorities. Thus, the grapes are harvested, de-stemmed and sorted by hand. 100% of the wastewater is recycled, so 132ha of Spier organic vines can be irrigated when necessary.
